

**Rapid Retraction.
Superior Exposure.
No Table Attachment.**

**DESIGNED BY NAVY TRAUMA SURGEON
WITH COMBAT DEPLOYMENT EXPERIENCE**

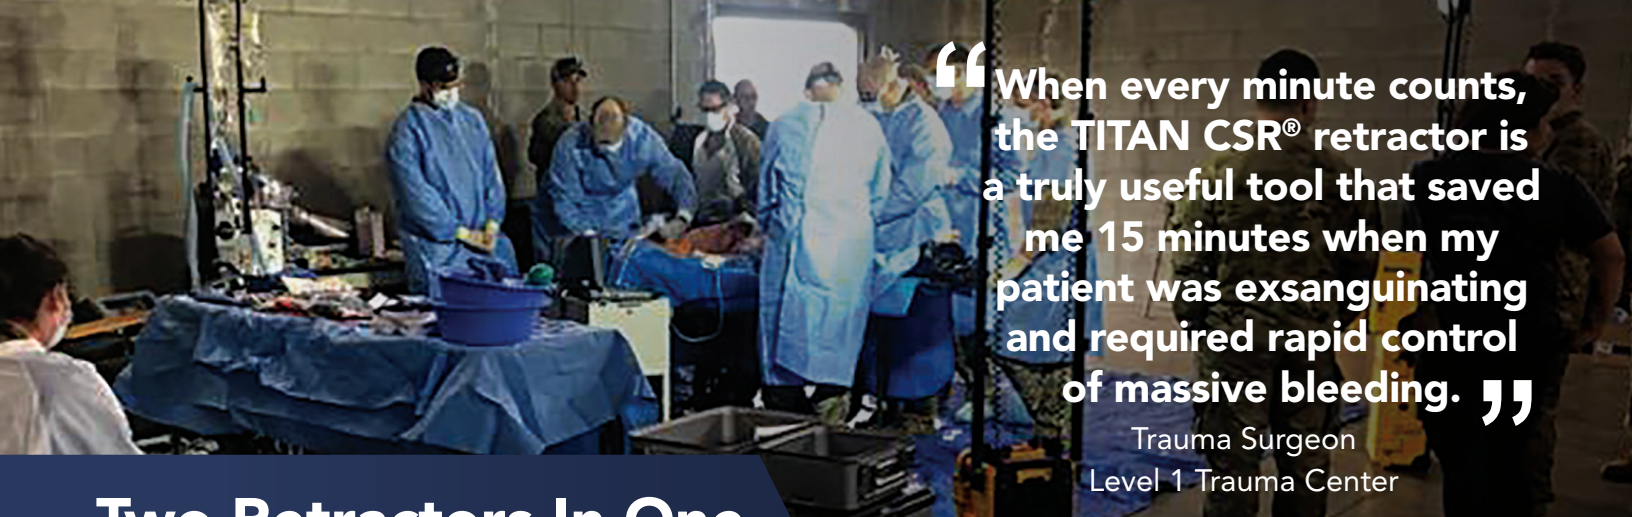

- ✓ Provides hospital-quality abdominal exposure in operational environment without a table attachment
- ✓ Can be used in standard and non-standard operating rooms (aircraft, vehicles, buildings of opportunity)
- ✓ Provides surgical exposure in 6 seconds
- ✓ Surgical force multiplier, reduces personnel requirements in the operating room
- ✓ Currently used at U.S. MTFs including Naval Hospital Camp Lejeune, Walter Reed National Medical Center, and Brooke Army Medical Center, the U.S. military's only Level 1 trauma facility
- ✓ Backpack-compatible and lightweight, fits in standard and dental sterilizers
- ✓ Currently used by special operations surgeons
- ✓ Made in the USA

“ I expect the TITAN CSR® surgical retractor will significantly change the future of trauma and emergency operations, ultimately improving patient outcomes. ”

Brian Eastridge, MD FACS
Internationally renowned civilian
and military trauma surgeon

USED BY SURGICAL TEAMS THROUGHOUT U.S. MILITARY

“When every minute counts, the TITAN CSR® retractor is a truly useful tool that saved me 15 minutes when my patient was exsanguinating and required rapid control of massive bleeding.”

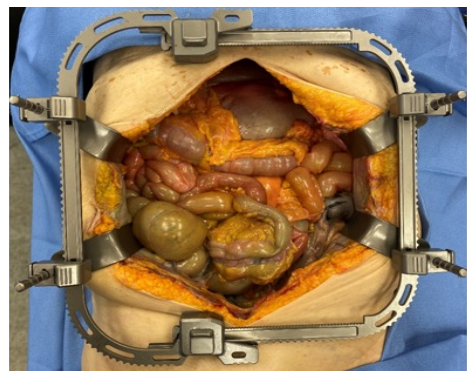

Trauma Surgeon
Level 1 Trauma Center

Two Retractors In One

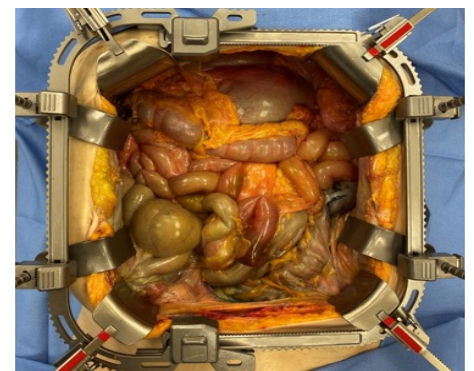

The TITAN CSR® retractor's Post-Free™ design combines the speed of the Balfour with the improved exposure of the Bookwalter®* without the need to attach to the surgical table.
